Patrick Ziegler Endorses Chris Gibson and Joins Gibson for Congress Team

Kinderhook, NY – Former Congressional Candidate Patrick Ziegler has ended his campaign, endorsed Chris Gibson (R-Kinderhook) and joined the Gibson for Congress Team. Patrick Ziegler surprised many with his strong showing during the endorsement process where he won two northern counties, Warren and Washington. Chris Gibson said, “Patrick Ziegler distinguished himself during this process and has earned the respect of all concerned. I am very impressed with his character, passion for this country, commitment to conservative principles, strong intellect, and tremendous public speaking skills. We are elated to have him on our Team!”

“Throughout the nomination process Chris and I have developed a mutual respect for one another. We share a determination and conviction that the right policies will ensure a future that is secure, prosperous and free for those in our district,” said Ziegler. “I think Chris will be a great candidate and an effective Congressman. I’m proud to be part of his team.”

Ziegler will take on the role of Policy Advisor and Outreach Coordinator for the Gibson for Congress campaign.

For the past month Gibson and Ziegler have been making presentations to all the Republican Committees throughout the 10-county district, a process that ended Wednesday when the GOP County Chairs, on behalf of their respective committees endorsed Chris Gibson. With the help of Ziegler, the Gibson for Congress Team is significantly stronger and anticipates widespread support among voters from across the political spectrum as they seek to defeat the incumbent Scott Murphy this fall.
